2 CHANNELS FOR PROJECT LEADERS

Relevant structures

- Non-profit structures, without private enrichment: associations, NGOs, public institutions, communities, cooperatives, etc.
- Robust structures, even if recent
- Structures located in a territory where the group and its subsidiaries are established

Annual call for projects

One theme per year

2020: Combating climate change in France

2021: Sustainable construction in France and Africa → An endowment of €100,000

Fond Transition

Allows setec employees who wish to do so to relay projects that they feel should be supported by the Foundation.

The project must meet the **mission** of the setec Foundation in favor of the **environmental and social transition**.

Envelope of approximately €20,000 for 2021

July 2021: 10,600 € were awarded to 2 projects during the 1st evaluation session by the Executive Committee
